Specifications

Manufacturer		S02-EDS1150
Model		ELECTRICAL DRIVING SWEEPER
Sweeping path	mm	1150
Roller brush diameter	mm	500
Side brush diameter	mm	400
Dimension	mm	L1350*W800*H1200
Turning radius	mm	1200
Water tank	L	45
Garbage	L	50
Driving motor	W	800
Driving speed	Km/h	8-12
Gradeability	%	25
Working speed	Km/h	0-8
Productivity	Km/h	6000
Working hours	h	6-8
Battery	V/Ah	48/65
Self weight (with battery)	kg	285
Lithium battery		○

Advantages

- 1 Sinusoidal wave motor with advantage which allows Energy-saving 40% and improves cleaning efficiency significantly.
- 2 Low decibel, suitable for noise sensitive areas.
- 3 Ergonomic and humanized design: with cup holder; both sides have storage space; multi-functional display with battery indicator, etc.
- 4 Roller brush and side brush pressure adjustable to cope with different roads. Pliable dust proof strip with adjustable working position allows to pass speed bumps smoothly.
- 5 Water Spray function to avoid dust raising problem. Vibration Dust Filter & Pull-out garbage trolley offer more convenient to dump rubbish.
- 6 LED headlight allows to work in the dim light areas.
- 7 Small turning radius allows narrow aisles working applications.

ELECTRIC DRIVING SWEEPER

Specifications

Manufacturer		S02-EDS-T7
Model		ELECTRICAL DRIVING SCRUBBER
Cleaning path	mm	700
Squeegee width	mm	900
Brush diameter	mm	330*2
Dimension	mm	L1464*W800*H1112
Solution / Recovery tank	L	85/90
Driving motor	W	500
Vacuum motor	W	500
Brush motor	W	380*2
Working speed	Km/h	0-7
Gradeability	%	20
Productivity	m²/h	4500
Working hours	h	2.5-4
Battery	V/Ah	24/100
Self weight(with battery)	Kg	205
Lithium battery		○

Advantages

- 1 Equipped with high-performance programmable controller, stable working state and longer service life.
- 2 Capacity upgrade, with the largest water tank in the same level of floor scrubbers.
- 3 ECO mode, intelligently improves endurance and saves energy by 30%
- 4 Ametek three-stage vacuum motor, strong suction and no residue. 500W rear-drive motor, strong climbing ability, safe and stable.
- 5 With quick-detachable magnetic brushes, the squeegee is equipped with portable screws, which can be replaced without any tools, and the side anti-collision PU roller.
- 6 Multi-function LCD screen, one-button start of cleaning and drying, intelligent brush working mode. Intelligent delay of water suction motor, fully automatic lifting.
- 7 High quality maintenance free battery to provide 2.5-4 hours continues working with single charging.
- 8 Automatically reduce speed when turning to ensure driving safety.
- 9 Brand-new patented design appearance, PE material body, durable. Front double-wheel design, more stable and safe steering.
- 10 Open and close water tank buckle, more convenient, all metal parts are made of automotive-grade anti-rust technology.
- 11 Compact size with small turning radius to allow the narrow aisle width working. It helps to improve the great advantages in narrow area applications & normal elevators.
- 12 LED headlights allow operation in dimly lit areas, and the additional taillight design can significantly alert passers-by during operation.
